SUBJECT INDEX
VOLUME 78, 1997

Note: In this subject index the designation "S" indicates the work was published in one of the supplements. Entries referring to the Annual Meeting abstracts published in the August and September issues are identified with the notation (ab) before the page number.

A

AB design, in single-subject research, 1145
Abdominal pain, in diversion colitis, in spinal cord injury, 670
Abdominal roller device, sciatica from, (ab) 1041
Abductor muscles, hip, weakness of, iliotibial band syndrome in, in runners, (ab) 1031
Abrasions, in in-line skating, 1352
Abscess, epidural, conversion disorder from, 226
Abuse, of disabled women, December Supplement S–34
Academic productivity scale, for departments of physical medicine and rehabilitation, 938
Academy (American Academy of Physical Medicine and Rehabilitation)
  board of governors, committees, linkage groups, 111
  Braddom, R.L., Distinguished Clinician Award, 1282
  Cole, A.J., Rosenthal Lecture, 1284
  deLateur, B.J., Zeiter lecture, 237
  Distinguished Clinician Award, 1282
  Distinguished Member Award, 1283
  Grabois, M., Distinguished Member Award, 1283
  Granger, C.V., Zeiter lecture, 1284
  Greenman, P.E., Honorary Membership, 1284
  Helm, P., Distinguished Clinician Award, 1283
  Honorary Membership, 1284
  Krusen award, 1282
  LaBan, M., Krusen award, 1282
  Maloney, F.P., Distinguished Clinician Award, 1283
  name history of, May Supplement 48
  Rosenthal Lecture, 1284
  strategic plan, 1282
  25-year members, 1284
  Zeiter lecture, 237, 1284
Accelerometry, in upper extremity functional outcome assessment, (ab) 904
Accreditation, of national information system on traumatic brain injury, August Supplement S31
Acetic acid iontophoresis, ultrasound with, in shoulder calcifying tendinitis, 379
Acetylcholine, in brain injury, agitation from, 213
Achilles tendinitis, treatment with pulsed fields, animal studies, 399
Acquired immunodeficiency syndrome. *See* Human immunodeficiency virus infection
Activities of daily living
  assessment of
    Arm Motor Ability Test in, 615
    in stroke, 161
  in stroke, with unilateral spatial neglect, 173
  suggestions for, in hip fracture, 1237
Acupuncture, in systemic sclerosis, 767
Addison's disease, after traumatic brain injury, 314
Adhesive capsulitis (frozen shoulder), treatment of, 857
Administration, management economizing, (ab) 900
Admissions, information system for, (ab) 905
Adolescents
  radial and ulnar deficiency with no hands in, axillary crutches for, 1165
  spinal cord injury in, hand electrical stimulation system in, 597
Adrenal insufficiency, after traumatic brain injury, 314
Aerobic exercise, growth hormone treatment with, in obese diabetes mellitus, (ab) 1038
Aerobic power, in spinal cord injury, 697
Age
  versus brain injury outcome, (ab) 1034
  versus overuse injuries, in spinal cord injury, (ab) 1047
  posture variations with, 1215
    in unilateral arm perturbation, 1072
  in spinal cord injury
    adjustment to, 651
    versus psychologic distress and functional independence, (ab) 912
  versus strength in extremities, reference values for, 26
Agency for Health Care Policy and Research stroke rehabilitation guidelines, 1112
Aggression, in brain injury, agitation in, 213
Agitation, in brain injury, 213
  measurement of, 924
  survey on, 917
  treatment of, 924
AIDS. *See* Human immunodeficiency virus infection
Akathisia, in brain injury, agitation in, 213
Alcohol use
  in head and neck cancer, sexuality and, 298
  in spinal cord injury, (ab) 896
    violent versus nonviolent, (ab) 1048
  in traumatic brain injury
    event-related potentials in, 1248
    follow-up failure in, 132
    readiness to change, 592
Alien hand syndrome, in stroke, (ab) 1049
Allodynia, in reflex sympathetic dystrophy, treatment of, 98
Alpha adrenergic blockers, in bladder management, in stroke, (ab) 1050
Alternating treatments design, in single-subject research, 1145
Amantadine, in agitation, in brain injury, 213
Ambulation. *See* Walking; Gait
American Board of Physical Medicine and Rehabilitation
  administration, May Supplement 35
  board photographs, May Supplement 39
  Brain Injury Special Interest Group, 917, 924
  certification by
    examination for, May Supplement 30
    purpose of, May Supplement 54
    statistics on, May Supplement 56
  committees, May Supplement 32
  diplomates, 1019, May Supplement 56
    charter, May Supplement 49
  directors, May Supplement 53
  Earl C. Elkins Scholarship Award, May Supplement 52
  functions, May Supplement 54
  future opportunities for, May Supplement 37
  history of, May Supplement
    in Krusen diary, 442, 446, 556, 562
  mission, May Supplement 54
  oral examiners, May Supplement 50
  organizations related to, May Supplement 48
  requirements for, May Supplement 55
  residencies, May Supplement 58
  services, May Supplement 35
  specialty boards, May Supplement 48
  statistical data on, May Supplement 56
  written examination associates, May Supplement 52
American Spinal Injury Association protocol, in outcome prediction, 39
Amnesia, posttraumatic, duration of, versus functional outcome, (ab) 1029, 1103
Amnestic aphasia, piracetam with language therapy in, 245

Amputation
above-knee
bilateral, walking physiology in, 385
prosthesis for, intelligent versus conventional, energy cost of walking in, 330
below-knee
bilateral, with hemiparesis, after lung transplantation, rehabilitation in, (ab) 1054
interlimb coordination in, (ab) 1036
with Kaposi's sarcoma on residual limb, prosthesis for, 106
residual limb slippage within prosthesis, 476
in extremity for hemodialysis site, (ab) 1051
fingers, phantom carpal tunnel syndrome in, 1157
in limb dystonia, (ab) 1038
lower extremity
Functional Independence Measure in, impairment-specific dimensions in, 636
nonamputated limb metabolism in, after training, 867
preparatory endoskeletal prosthesis for, (ab) 1047
residual limb slippage within prosthesis, 476
pain after, versus reason for amputation, (ab) 1024
transmetatarsal, footwear for, 952
upper extremity, high-level bilateral, prosthesis for, (ab) 1046
Anemia, in Guillain-Barré syndrome, 872
Aneurysms
brain
outcome of, 346, 621
traumatic, 883
popliteal, in saxophone player, (ab) 1037
Angiography, magnetic resonance, in thoracic outlet syndrome, (ab) 1054
Angioplasty, cerebral, in vascular dementia, 666
Animal studies
Achilles tendinitis treatment, 399
exercise training in sciatic nerve crush lesions, 70
joint contracture electrical stimulation, 405
muscle atrophy prevention with electrical stimulation, 512
muscle fiber function, in bed rest with intermittent weight bearing, 19
ultrasound in wound healing, (ab) 911
Ankle
flexor-extensor torque ratios at, 1224
isokinetic muscle strength in, (ab) 1039
strength of, measurement of, in neuropathic weakness, reliability of, 1364
Ankle-foot orthosis
in heel pressure relief, insole sensor system in, (ab) 1028
for pediatric patients, (ab) 1043
in sacral level myelomeningocele, 471
shoehorn-type, flexibility of, 82
in transmetatarsal amputation, 952
Ankylosing spondylitis, rehabilitation in, (ab) 1052
Anomic aphasia, recovery promotion with interactive technology, 841
Anorexia nervosa, myofascial pain in, (ab) 1041
Anoxia, brain injury in, bruxism after, 1272
Antagonists, elbow, reversal of, extension strength and endurance effects of, 1191
Anticoagulants, electromyography complications from, (ab) 1030
Anticonvulsants, in recurrent seizures, in brain injury, 835
Antidepressants
in agitation, in brain injury, 213, 924
in depression, in stroke, 658
Antidiuretic hormone
inappropriate secretion of, in brain injury, 540
measurement of, in spinal cord injury, nocturnal polyuria and, 455
Antipsychotics, in agitation, in brain injury, 213
Anxiety
in brain injury, (ab) 908
in spinal cord injury, cognitive behavior therapy for, 3333
Aphasia
chronic, recovery promotion with interactive technology, 841
foreign accent syndrome in, 550
piracetam with language therapy in, 245
in stroke, bromocriptine in, (ab) 1049
Apnea, sleep, in brain injury, (ab) 1029
Apolipoprotein profiles, in spinal cord injury, 697, 1173
Apraxia, of eyelid opening, botulinum toxin in, 525
Aquatic physical therapy, in knee replacement, (ab) 910
Arachnoid cyst, thoracic cord tethering in, 530
Arm
ergometry testing of, in Parastep 1 Ambulation System use, 794, (ab) 896
unilateral perturbation of, postural responses to, 1072
Arm Motor Ability Test, in activities of daily living evaluation, 615
Arnold-Chiari malformations, somatosensory evoked potentials in, (ab) 1036
Arteriovenous malformations
of brain, outcome of, prescribed versus actual length of stay in, 621
of cerebellum, rupture of, cerebral diaschisis after, 546
of cervico-medullary junction, somatosensory evoked potentials in, (ab) 1036
stroke in, with concurrent twin pregnancy, (ab) 1049
Arthritis
of knee, medial compartment, bracing for, 745
pain in, static magnetic fields in, (ab) 1040
rheumatoid, Functional Independence Measure in, impairment-specific dimensions in, 636
Arthrography, after frozen shoulder treatment, 857
Arthrometry, knee, in anterior cruciate ligament injury and reconstruction, (ab) 913
Arthropathy, neuropathic
of knee, total knee arthroplasty in, 780
of spine, in spinal cord injury, 221
Arthroplasty, knee, in bilateral Charcot knees, 780
Ashworth Scale, Modified, in plantarflexion spasticity evaluation, (ab) 1033
Aspiration pneumonia, from Minerva brace, 1386
Aspirin, in chloroform, topical, in neurogenic pain, 437
Assistive devices, versus personal assistance, (ab) 909
Ataxia
after Rocky Mountain spotted fever, 1277
upper extremity function in, kinematic analysis of, in pediatric patients, 491
Athletics. *See* Sports medicine
Attention, in complex motor movements, (ab) 897
Attention deficits
in brain injury, agitation in, 213
Hopkins Symptom Checklist Obsessive Compulsive Scale in, (ab) 903
in stroke
assistance for, in mobility training, (ab) 913
dual task testing in, 7
Attitudes, toward disabled persons, in health care students, (ab) 901
Audiotapes, in executive dysfunction treatment, in brain injury, (ab) 909
Auditory feedback, augmented, devices for, 1389
Autoimmune disorders, stiff man syndrome, (ab) 1039
Autonomic neuropathy
cardiac, in diabetes mellitus, blood flow impairment in, 1003
in Guillain-Barré syndrome, 777, 872
Autonomy, social, loss of, in brain injury, 1316
Awards. *See under* Academy; Congress
Axillary crutches, for radius and ulna deficiency and no hands, 1165
Axillary hyperhidrosis, botulinum toxin in, (ab) 1036
Axillary nerve, conduction studies of, (ab) 1026

B

Back. *See also* Lumbar spine
flat, in post-polio syndrome, 324
injury prevention for, in health care workers, (ab) 908
muscles of, flexion relaxation of, during lumbar-pelvic rhythm, 486
Back pain
biofeedback devices for, (ab) 910

caudal epidural injections in, sciatica exacerbation from, (ab) 1042
chronic
caffeine consumption and, 61
electrical stimulation in, combined neuromuscular and transcutaneous, 55
interventions for, in industrial rehabilitation, 414
lumbar spinal moments in, 967
with radicular symptoms, treatment of, (ab) 1024
in diffuse idiopathic skeletal hyperostosis, (ab) 1037
ergonomics and, March Supplement S–36
exercises for, electromyographic analysis of, (ab) 897
fitness program for, (ab) 897
folk medicine in, 571
functional status questionnaires for, (ab) 1024
interventions for, in industrial rehabilitation, 414
lumbar medial branch blocks in, (ab) 1024
in lumbar spine fractures, nerve root blocks for, (ab) 1040
in multiple myeloma, epidural abscess at implantable pump in, 226
paraspinal mapping in
neurophysiology of, 1177
simplified technique for, 1185
in paravertebral venous plexus distension, (ab) 1041
in pelvic ring instability, (ab) 1023
in post-polio syndrome, from flat back syndrome, 324
rehabilitation in
in elderly persons, (ab) 1025
from employment, 414, March Supplement S–10
in retroperitoneal hemorrhage, in elderly persons, 664
Baclofen
in reflex sympathetic dystrophy, in hemiplegia, (ab) 1041
in spasticity, in brain injury, (ab) 1043
Bacteriuria, relapsing, in spinal cord injury, urinary tract infections and, 468
Baking Tray Task, in unilateral neglect, 410
Balance
in elderly persons, in minority population, 587
in hemiparesis, posterior tibial nerve somatosensory evoked potentials in, 1125
hyperventilation effect on, 730
in osteoporosis, 273
sitting, in brain injury, (ab) 1055
sports shoe sole materials and, 463
in stroke, deep white matter, (ab) 1022
testing of
with electrically evoked perturbation, 290
reliability of, in elderly persons, 1078
with Tinetti method, interrater reliability of, 1160
Baltimore Therapeutic Equipment work simulator, in simulated hand impairment, 1358
Barthel Index, in stroke, 161, 1331
Basketball players, shoulder rotator torque and wheelchair dependence in, 358
Beck Depression Inventory, in Parastep 1 Ambulation System training, 804
Bed rest, with with intermittent weight bearing, muscle fiber function in, 19
Behavior
in brain injury, improvement evaluation in, (ab) 898
disorders of, in brain injury, social autonomy loss and, 1316
falls related to, in elderly persons, 179
health promoting, in disabled women, (ab) 900
Behavioral therapy
for agitation, in brain injury, 213
for back pain, 414
for conversion disorders, in pediatric patients, 264
Bennett, R.L., May Supplement 10
Benzodiazepines, in agitation, in brain injury, 213
Beta-blockers, in agitation, in brain injury, 213, 924
Biofeedback
auditory, devices for, 1389
in back pain, (ab) 910
Biomechanics
of walking with knee immobilization, contralateral shoe-lift effects on, 1085
wrist, during wheelchair propulsion, 364
Bionic Glove, in tetraplegia, 608
Biopsy, muscle, in atrophy, in hemiplegia, 13
Bisacodyl suppositories, in defecation initiation, in spinal cord injury, 1062
Bites, extensor pollicis longus muscle denervation in, 783
Bladder
management of
algorithms for, (ab) 909
in spinal cord injury, 156, 992
in stroke, alpha adrenergic blockade in, (ab) 1050
overdistension of, in spinal cord injury, antidiuretic hormone and, 455
transitional cell carcinoma of, with inclusion body myositis, 327
Blindness
in apraxia of eyelid opening, botulinum toxin in, 525
with disability, guide dog with motorized wheelchair in, (ab) 1046
from optic neuropathy, spinal cord injury with, 1012
Blood flow
impairment of, in autonomic dysfunction, in diabetes mellitus, 1003
lower extremity, in Parastep 1 Ambulation System training, 808
response of, to functional electrical stimulation, (ab) 1027
Blood gas analysis, in Duchenne muscular dystrophy, 1
Body mass index, knee replacement outcome and, (ab) 1052
Bon Saint Côme method, for unilateral neglect, 424
Bone density
etidronate effects on, in acute spinal cord injury, 269
Parastep 1 Ambulation System training effects on, 799
Bone disease
in hypoparathyroidism, in spinal cord injury, 692
rachitic, spinal cord compression in, (ab) 1037
Bone graft, with patellar tendon graft, in anterior cruciate ligament reconstruction, donor site morbidity in, 256
Bone-setting therapy, for back pain, 571
Boston Naming Test, in stroke, 1331
Botulinum toxin
in apraxia of eyelid opening, 525
in axillary hyperhidrosis, (ab) 1036
in bruxism, after brain injury, 1272
in piriformis syndrome, (ab) 1041
reactions to, in pediatric patients, (ab) 1043
in toe walking, in pediatric patients, (ab) 1028
Bowel, neurogenic, in spinal cord injury
defecation initiation in, 1062
study guide for, March Supplement S–86 to S–104
Braces
knee, in medial compartment osteoarthritis, 745
Minerva, dysphagia from, 1386
for spinal cord injury, March Supplement S–59
Brachial plexus
gunshot wounds of, electrophysiology of, (ab) 1050
upper trunk lesions of, sensory nerve conduction studies in, (ab) 1035
Brain
aneurysms of
outcome of, 346
prescribed versus actual length of stay in, 621
traumatic, 883
arteriovenous malformations of, outcome of, prescribed versus actual length of stay in, 621
cervico-medullary junction lesions of, somatosensory evoked potentials in, (ab) 1036
diaschisis of, after cerebellar hemorrhage, 546
hemorrhage of, from tissue plasminogen activator, 92
herniation in, Kernohan-Woltman notch phenomenon in, 543
lesions of, outcome of, prescribed versus actual length of stay in, 621
tumors of, outcome of, versus stroke, (ab) 1054
Brain injury
acute care transfers in, risk factors for, 350
adrenal insufficiency after, 314
agitation in, 213

measurement of, 924
survey on, 917
treatment of, 924
alcohol use in, 592
event-related potentials in, 1248
patient versus relative reports of, 138
amnesia duration after, versus functional outcome, (ab) 1029, 1103
aneurysms in, 883
behavioral improvement in, (ab) 898
bruxism after, 1272
cognitive assessment in, (ab) 910
depression in, 1321
executive dysfunction in, treatment of, (ab) 909
Functional Independence Measure in
impairment-specific dimensions in, 636
validity of, 828
gunshot, moving bullet syndrome in, (ab) 1033
help requirement prediction in, (ab) 899
heterotopic ossification in, functional outcome in, (ab) 1029
hyponatremia in, 540
information system for. *See* National information system on traumatic brain injury
in in-line skating, 1352
intracranial hypotension in, (ab) 1033
Kernohan-Woltman notch phenomenon in, 543
medical complications in, risk factors for, 350
mild
cognitive fatigue in, (ab) 1033
dynamic imaging in, (ab) 1029
motor recovery in, (ab) 909
outcome of
versus age, (ab) 1034
follow-up system for, (ab) 898
long-term, 1316
measurement instruments for, (ab) 908
neuropsychological versus functional measures of, (ab) 902
patient versus relative view of, 363, 1254
prescribed versus actual length of stay in, 621
systematic bias in, 132
parathyroid hormone suppression in, 692
in pediatric patients. *See under* Pediatric patients
perilymphatic fistula with, (ab) 1034
plantarflexion spasticity in, (ab) 1033
postural sway after, 1107
prognosis for, August Supplement S12
psychiatric disorders after, (ab) 908
rehabilitation in
disability in, versus nursing effort, 143
information system for. *See* National information system on traumatic brain injury
postacute, (ab) 898, (ab) 899, August Supplement S17
transition from acute care, (ab) 1028
zone management versus group programming in, (ab) 902
return to work after, predictors of, 125
salt wasting syndrome in, 540
seizure recurrence in, 835
severe penetrating, outcome of, (ab) 1055
sitting balance after, (ab) 1055
sleep apnea in, (ab) 1029
sleep disorders in, (ab) 1055
social impairment in, 1321
spasticity in, baclofen in, (ab) 1043
therapy intensity in, outcome in, (ab) 1029
traumatic. *See* Traumatic brain injury
treatment of, psychiatric versus neurorehabilitation, in pediatric patients, (ab) 908
venous thromboembolic disease in, D-dimer assay for, (ab) 1027
violent, (ab) 908
vocal cord paralysis in, (ab) 909
vocational assessment in, (ab) 914
vocational rehabilitation in, awareness of services for, 1327
walking parameters after, 1107
Brain Injury Special Interest Group, American Board of Physical Medicine and Rehabilitation, 917, 924
Brake response time, after anterior cruciate ligament reconstruction, (ab) 1031
Breast, enlargement of, in spinal cord injury, 534
Breast cancer
mastectomy in, modified radical versus partial, rehabilitation in, (ab) 1052
quality of life in, December Supplement S–18
screening for, in disabled women, December Supplement S–39
Brief Michigan Alcohol Screening Test, after traumatic brain injury, 138
Broca's aphasia
foreign accent syndrome in, 550
piracetam with language therapy in, 245
recovery promotion with interactive technology, 841
Bromocriptine
in aphasia, (ab) 1049
in unilateral neglect, (ab) 1023
Brown-Sequard syndrome
ambulation recovery in, 1169
in thoracic disc herniation, (ab) 1048
Bruises, in in-line skating, 1352
Bruxism, after brain injury, 1272
BTE Primus, in construction workers functional capacity evaluation, (ab) 907
Bullet wounds. *See* Gunshot wounds
Burns, mononeuropathy multiplex in, (ab) 1051
Buspirone, in agitation, in brain injury, 213

C

Caffeine consumption, chronic back pain and, 61
Calcaneal ulcers, ankle-foot orthosis for, insole sensor system in, (ab) 1028
Calcifying tendinitis, of shoulder, acetic acid iontophoresis and ultrasound treatment of, 379
Calf vein thrombosis, in spinal cord injury, treatment of, 538
Camber, rear-wheel, of wheelchairs, stability and, 78
Canadian Neurological Scale, in stroke, 1331
Canadian Occupational Performance Measure, in therapists versus clients perception comparison, (ab) 904
Cancer
bladder, inclusion body myositis with, 327
breast
mastectomy in, modified radical versus partial, rehabilitation in, (ab) 1052
quality of life in, December Supplement S–18
screening for, in disabled women, December Supplement S–39
cervical, screening for, in disabled women, December Supplement S–39
head and neck, sexuality in, 298
metastasis of, to iliac crest, meralgia paresthetica in, 1010
prostate, radiation therapy for, neuromuscular fatigue in, 961
quality of life in, spirituality and, (ab) 911
rehabilitation in, models for, (ab) 905
transverse myelopathy in, recurring at different levels, (ab) 1047
Capsulitis, adhesive (frozen shoulder), treatment of, 857
Carbamazepine, in agitation, in brain injury, 213, 924
Carbon dioxide, excess of
in neurosarcoidosis, (ab) 1053
postural sway and, 730
Carcinoma, transitional cell, of bladder, inclusion body myositis with, 327
Cardiovascular disorders, in stroke, leg circulatory disorders in, transcutaneous oxygen measurement in, 998
Caregivers, in spinal cord injury, problems of, 822
Carotid arteries
angioplasty of, in vascular dementia, 666
occlusion of, in moyamoya disease, rehabilitation in, 672
Carpal tunnel syndrome
in cerebral palsy, (ab) 1025

cervical radiculopathy with, (ab) 1030
from employment, rehabilitation in, March Supplement S–16
median nerve digital branches conduction studies in, (ab) 1034
nerve conduction studies in, (ab) 1035
phantom sensation of, 1157
Carpometacarpal joint, simulated fusion of, upper extremity function in, 1358
Casts, total contact, for pressure ulcers, 1268
Catecholamines, in brain injury, agitation from, 213
Catheterization, urinary, in spinal cord injury
infection rate and, 156
renal function and, 992
Cauda equina syndrome, spinal stenosis in, outcome of, (ab) 1026
Center of pressure, in one-leg stance, foot breadth variations and, 284
Central cord syndrome
ambulation recovery in, 1169
medical complications in, March Supplement S–53
Cerebellum, hemorrhage of, cerebral diaschisis after, 546
Cerebral arteries, occlusion of, in moyamoya disease, rehabilitation in, 672
Cerebral diaschisis, after cerebellar hemorrhage, 546
Cerebral palsy
carpal tunnel syndrome in, (ab) 1025
health status in, in women, December Supplement S–10
reproductive health care in, in women, December Supplement S–26, S–39
Cerebral peduncle compression, Kernohan-Woltman notch phenomenon in, 543
Cerebral salt wasting syndrome, in brain injury, 540
Cerebrovascular accident. *See* Stroke
Cervical cancer, screening for, in disabled women, December Supplement S–39
Cervical nerve roots, lesions of, myofascial pain in, twitch-obtaining intramuscular stimulation in, (ab) 1024
Cervical pain syndrome, pillow design effects on, 193
Cervical radiculopathy, carpal tunnel syndrome in, (ab) 1030
Cervical spine
degenerative joint disease of, trapezius muscle electromyography in, (ab) 1030
disorders of, physical therapy for, treatment choices in, 1346
exercises for, in thoracic outlet syndrome, 373
functional assessment of, 3-D motion analyzing system in, (ab) 1023
headaches originating in, zygapophysial joint injections for, (ab) 1023
manipulation of
in myofascial trigger point release, (ab) 1042
stroke in, (ab) 1038
neurofibromatosis of, myopathy in, (ab) 1047
Cervicogenic vertigo, in thoracic outlet syndrome, (ab) 1037
Cervico-medullary junction, lesions of, somatosensory evoked potentials in, (ab) 1036
Charcot knee, bilateral, total knee arthroplasty in, 780
Charcot spine, in spinal cord injury, 221
Charlson Comorbidity Index, in stroke, versus outcome, 166
Cheerleaders, ulnar stress fractures in, (ab) 1037
Child Amputee Prosthetics Project—Prosthesis Satisfaction Inventory, 750
Children. *See* Pediatric patients
Chi-squared Automatic Interaction Detection, in length of stay prediction, (ab) 900
Chloroform-aspirin mixture, topical, in neurogenic pain, 437
Cholesterol profiles, in spinal cord injury, 697, 1173
Chronic obstructive pulmonary disease, rehabilitation in, outpatient program for, costs/benefits of, 240
Classification and Regression Tree analysis, in disability evaluation, (ab) 901
Clinical notes
adrenal insufficiency after traumatic brain injury, 314
autonomic dysfunction in Guillain-Barré syndrome, 777
back pain in retroperitoneal hemorrhage, 664
botulinum toxin in eyelid opening apraxia, 525
bruxism after brain injury, 1272
calf vein thrombosis in spinal cord injury, 538

Toe walking, botulinum toxin in, (ab) 1028
Torque
  flexor-extensor ratio, of lower extremity joints, 1224
  in interlimb interaction, in isokinetic knee testing, 497
  lumbar spine, in supported lifting, back pain and, 967
  resistance, in plantarflexion spasticity evaluation, (ab) 1033
  rotator, in wheelchair basketball, 358
Torso rotation strength, training frequency effects on, 64
Total contact casts, for pressure ulcers, 1268
Toxic epidermal necrolysis, heterotopic ossification in, 774
Transcarpal latency difference testing, in carpal tunnel syndrome, (ab) 1035
Transcutaneous electrical nerve stimulation
  in chronic back pain, with neuromuscular electrical stimulation, 55
  in systemic sclerosis, 767
Transcutaneous oxygen measurement
  in diabetic foot ulcers, (ab) 1055
  in leg, in hemiplegia, 998
  in spinal cord injury, (ab) 912
Transitional cell carcinoma, of bladder, inclusion body myositis with, 327
Transmetatarsal amputation, footwear for, 952
Transplantation, lung, hemiparesis and bilateral below-knee amputation after, rehabilitation in, (ab) 1054

Transtibial prosthesis, with Kaposi's sarcoma on residual limb, 106
Transverse myelopathy, recurring at different levels, (ab) 1047
Trapezius muscle, electromyography of, in cervical spine degenerative joint disease, (ab) 1030
Trauma
  disability in, in women, quality of life in, versus nontraumatic causes, December Supplement S–18
  in in-line skating, survey on, 1352
  without head injury, in pediatric patients, outcome of, (ab) 1027
Trauma centers, physiatry and physical medicine and rehabilitation departments in, (ab) 1044
Traumatic brain injury
  acute care transfers in, risk factors for, 350
  adrenal insufficiency after, 314
  agitation in, 213
    measurement of, 924
    survey on, 917
    treatment of, 924
  alcohol use in, 592
    event-related potentials in, 1248
    patient versus relative reports of, 138
  amnesia duration after, versus functional outcome, (ab) 1029, 1103
  behavioral improvement in, (ab) 898
  depression in, 1321
  Functional Independence Measure in
    impairment-specific dimensions in, 636
    validity of, 828
  gunshot, moving bullet syndrome in, (ab) 1033
  help requirement prediction in, (ab) 899
  heterotopic ossification in, functional outcome in, (ab) 1029
  information system for. *See* National information system on traumatic brain injury
  in in-line skating, 1352
  Kernohan-Woltman notch phenomenon in, 543
  medical complications in, risk factors for, 350
  mild
    cognitive fatigue in, (ab) 1033
    dynamic imaging in, (ab) 1029
  outcome of
    versus age, (ab) 1034
    follow-up system for, (ab) 898
    long-term, 1316
    patient versus relative view of, 363, 1254
    prescribed versus actual length of stay in, 621
    systematic bias in, 132
  parathyroid hormone suppression in, 692
  perilymphatic fistula with, (ab) 1034
  postural sway after, 1107
  prognosis for, August Supplement S12
  psychiatric disorders after, (ab) 908
  rehabilitation in
    information system for. *See* National information system on traumatic brain injury
    nursing effort in, 143
    postacute, (ab) 898, August Supplement S17
  return to work after, predictors of, 125
  seizure recurrence in, 835
  severe penetrating, outcome of, (ab) 1055
  sitting balance after, (ab) 1055
  sleep apnea in, (ab) 1029
  sleep disorders in, (ab) 1055
  social impairment in, 1321
  spasticity in, baclofen in, (ab) 1043
  therapy intensity in, outcome in, (ab) 1029
  violent, (ab) 908
  vocational assessment in, (ab) 914
  vocational rehabilitation in, awareness of services for, 1327
  walking parameters after, 1107
  written language production in, 1096
Trazodone, in agitation, in brain injury, 213
Treadmill walking
  handrail use in, kinematics of, 393
  in hemiparesis, (ab) 1050
Treatment strength concept, in rehabilitation, 1298
Trigger points
  inactivation of, in lumbar radiculopathy, (ab) 1040
  injection therapy for, (aba) 1042
    solutions for, (ab) 1041
  in postpolio syndrome, magnetic field application to, 1200
  release of, cervical spine manipulation in, (ab) 1042
  stimulation of, referred pain in, 957
Trimethoprim-sulfamethoxazole, toxic epidermal necrolysis from, heterotopic ossification in, 774
Tropism, facet, in lumbar motion segments, disc herniation and, 1211
Trunk, rotation exercises for, in unilateral neglect, 424
Tumor(s)
  brain, outcome of, versus stroke, (ab) 1054
  spinal cord, in multiple sclerosis, 1274
  uterine, sciatic neuropathy from, (ab) 1042
Twitch-obtaining intramuscular stimulation, in myofascial pain
  in cervical radiculopathy, (ab) 1024
  in lumbosacral radiculopathy, (ab) 1024

U

Ulcers
  calcaneal, ankle-foot orthosis for, insole sensor system in, (ab) 1028
  foot, in diabetes mellitus, healing of, (ab) 1055
  pressure. *See* Pressure ulcers
Ulna
  deficiency of, with radial deficiency and no hands, axillary crutches for, 1165
  stress fractures of, in cheerleaders, (ab) 1037
Ulnar nerve, neuropathy of, in palm, 440
Ultrasound
  acetic acid iontophoresis with, in shoulder calcifying tendinitis, 379
  in wound healing, animal studies, (ab) 911
Uniform Data Set for Medical Rehabilitation, for traumatic brain injury, August Supplement S5
Unipedal stance testing
  fall risks and, (ab) 1028
  in peripheral neuropathy, (ab) 1026
Unna boot, in lymphedema, in Kaposi's sarcoma, (ab) 1051
Upper extremity. *See also specific parts, e.g.*, Hand
  contraction-induced H-reflexes in, (ab) 1025
  cumulative trauma disorders of
    ergonomics and, March Supplement S–36
    Postural and Repetitive Risk-Factors Index reliability in, 860
    rehabilitation in, March Supplement S–16
  function of
    accelerometry in, (ab) 904
    kinematic analysis of, in pediatric patients, 491
    in simulated hand impairment, 1358
  hemiplegia of, electromyography of, (ab) 913
  injuries of, in in-line skating, 1352
  pain in, in spinal cord injury, (ab) 1048
  spasticity of, Lycra garments for, 1066
  strength measurement with hand-held dynamometers, reference values for, 26
Upper motor neuron symptoms, in multiple sclerosis, gabapentin in, 521
Urinary incontinence, in acute rehabilitation setting, incidence of, (ab) 1027
Urinary tract infections, in spinal cord injury
  relapsing bacteriuria and, 468
  social and functional variables in, 156
Uterus, fibroid tumors of, sciatic neuropathy from, (ab) 1042

V

Vaccination, influenza, in elderly persons, (ab) 1046
Valpar Component Work Sample, in construction workers functional capacity evaluation, (ab) 907
Valpar Small Tools test, in simulated hand impairment, 1358

Valproic acid, in agitation, in brain injury, 213
Vancomycin
  dosing regimen for, in spinal cord injury, 459
  enterococci resistant to, control of, 553
Varicella-zoster virus infections, polyradiculopathy in, 880
Varicosity, of paravertebral venous plexus, back pain in, (ab) 1041
Vascular dementia, cerebral angioplasty in, 666
Vasculitis, rehabilitation in, 89
Vastus lateralis muscle
  atrophy of, from injection, (ab) 1040
  biopsy of, in atrophy, in hemiplegia, 13
Ventilation, mechanical, in Guillain-Barré syndrome, 872
Ventriculoperitoneal shunt, in hydrocephalus, in stroke, (ab) 914
Vertebral arteries
  angioplasty of, in vascular dementia, 666
  dissection of, in cervical spine manipulation, (ab) 1038
Vertebrofemoral motion, in toe touching, video analysis of, 759
Vertical impact, sports shoe sole materials and, 463
Vertigo
  in brain injury with perilymphatic fistula, (ab) 1034
  cervicogenic, in thoracic outlet syndrome, (ab) 1037
Veterans, stroke rehabilitation in, 929
Video analysis
  in upper extremity cumulative trauma disorders, 860
  of vertebrofemoral motion, in toe touching, 759
Video feedback, in unilateral neglect, 410
Violence
  brain injury in, (ab) 908
  spinal cord injury in, alcohol use and, (ab) 1048
Vision, deficits in, screening for, in elderly persons, (ab) 908
Visual neglect, unilateral, bromocriptine in, (ab) 1023
Visuomotor imagery, in unilateral neglect, 430
Vital capacity, in tetraplegia, after 20 years, (ab) 1026
Vocal cord paralysis, in brain injury, (ab) 909
Vocational assessment, in brain injury, (ab) 914
Vocational rehabilitation, (ab) 907
  in brain injury, awareness of services for, 1327
von Hippel Lindau disease, spinal cord infarction in, (ab) 1048

W

Walkabout Orthosis, in paraplegia, 706
Walking. *See also* Gait
  assessment of, Glenrose Ambulation Rating in, (ab) 904
  in conversion disorder, in pediatric patients, behavioral management of, 264
  energy cost of, with above-knee prosthesis, 330
  in hemiparesis, posterior tibial nerve somatosensory evoked potentials in, 1125
  in hip fracture, home exercise program for, 208
  in knee immobilization, contralateral shoe-lift effects on, 1085
  parameters of, after traumatic brain injury, 1107
  physiology of, in bilateral above-knee amputation, 385
  recovery of, in motor-incomplete tetraplegia, 1169
  shoe pressure measurements during, (ab) 1047
  in spinal cord injury, outcome prediction in, methods for, 39
  with therapeutic footwear in transmetatarsal amputation, 952
  training for. *See also* Parastep 1 Ambulation System
    with ankle-foot orthosis, in pediatric patients, (ab) 1043
  treadmill
    handrail use in, kinematics of, 393
    in hemiparesis, (ab) 1050
Water-based exercise, in osteopenia, in women, 1375
Water-based pillow, cervical pain syndrome and, 193
Weakness
  in conversion disorder, in pediatric patients, behavioral management of, 264
  in Duchenne muscular dystrophy, of respiratory muscles, 1
  in Guillain-Barré syndrome, 872
  in herpes zoster radiculopathy, 880
  in Kernohan-Woltman notch phenomenon, 543
  neuropathic, hand-held dynamometry reliability in, 1364
  in neurosarcoidosis, 1381
  in postpolio syndrome, pyridostigmine in, (ab) 1027
WeeFIM® (Functional Independence Measure), in developmental disabilities, in pediatric patients, 1309
Weight bearing, with intermittent bed rest, muscle fiber function in, 19
Wernicke's aphasia
  piracetam with language therapy in, 245
  recovery promotion with interactive technology, 841
Wheelchairs
  basketball playing in, shoulder rotator torque in, 358
  lightweight, performance of, 1138
  motorized, with guide dog, (ab) 1046
  versus personal assistance, (ab) 909
  propulsion of
    elbow kinematics in, 1204
    wrist biomechanics during, 364
  in spinal cord injury, March Supplement S–65
    ischial transcutaneous oxygen tension in, (ab) 912
  stability of, rear-wheel camber effects in, 78
Whirlpool therapy, for pressure ulcers, (ab) 1053
Withdrawal design, in single-subject research, 1145
Women
  cerebral palsy in, health status of, December Supplement S–10
  disabilities in
    abuse of, December Supplement S–34
    cancer screening in, December Supplement S–39
    delivery of empowerment medicine in, December Supplement S–1
    quality of life in, December Supplement S–18
    reproductive health care in, December Supplement S–26, S39
  health promoting behaviors in, (ab) 900
  multiple sclerosis in, health promotion practices in, December Supplement S–3
  osteopenia in, exercise program for, 1375
  spinal cord injury in, sexual function and dysfunction in, 305
Work. *See* Employment
Work capacity, after strengthening exercise, in postpolio syndrome, 681
Worker's compensation system, industrial rehabilitation and, March Supplement S–3
Wound healing, ultrasound in, animal studies, (ab) 911
Wrist
  biomechanics of, during wheelchair propulsion, 364
  carpal tunnel syndrome at. *See* Carpal tunnel syndrome
  strength of, measurement of, in neuropathic weakness, reliability of, 1364
Written language, in traumatic brain injury, in pediatric patients, 1096

X

X-linked hypophosphatemic rickets, spinal cord compression in, (ab) 1037

Z

Zeiter, W.J., May Supplement 9
Zeiter lecture, 237, 1284
Zone management, in brain injury rehabilitation, versus group programming in, (ab) 902
Zoster, polyradiculopathy in, 880
Zygapophysial joints
  cervical spine, steroid injection into, in headache, (ab) 1023
  lumbar spine, pain in, medial branch blocks in, (ab) 1024

INDEX TO AUTHORS IN VOLUME 78

Note: In this author index the "S" indicates the author's work was published in one of the supplements. Authors of Annual Meeting abstracts published in the August and September issues are identified with the notation (ab) before the page number.
